Daracon Croft Racing ready for NSW Title assault

Daracon Croft Racing is gearing up to contest the Tanelm Fuels NSW Late Model Title at Gunnedah Speedway (NSW) Saturday March 15.

“Tanelm Fuels supplies diesel fuel to a wide cross-section of business and private enterprises throughout North West New South Wales” said Ken Croft.

“Tanelm Fuels was interested in sponsoring a major Dirt Late Model race at Gunnedah Speedway, so track promoter Barry Towers was approached. Barry jumped at the chance, and after he had further discussions with Scott McPherson from East Coast Late Model Affiliates (ELMA) the Tanelm Fuels NSW Late Model Title was scheduled in for March 15”.

The Daracon Croft Racing Dirt Late Model Team has been off track for more than two months.

A lull in the east coast race schedule, to allow for major race meetings in Western Australia, together with a rain-out at Parramatta, has given the team the necessary time to effect repairs to some major car damage incurred at Nowra in late December.

“We fully intended to head to Western Australia for the Late Model Nationals however a hectic work schedule away from speedway meant we had to curtail our plans at the last minute” Croft said.

“Being out of the drivers seat for a few months is not the ideal preparation however I am confident we will be a force come title night. Its going to be a tough ask though, with defending NSW Champion, and current WA Champion, Scott McPherson in the field, along with drivers of the calibre of Darryl Grimson, Nathan Disney, and Barry Kelleher, who have shown that they are amongst the best in the nation” Croft said.

“The Daracon Croft Racing crew has worked hard to make sure the car is right, so now its just up to me to perform. Our main aim though is to put on a really good show for the race fans in attendance”.

“The Tanelm Fuels NSW Late Model Title should be one of the best meetings at Gunnedah Speedway this season, so I would urge everyone to come along and enjoy some fantastic V8 sedan racing” concluded Croft.

The Tanelm Fuels NSW Late Model Title will feature a 40 lap Final that is certain to be a test of man and machine.

Daracon Croft Racing would like to acknowledge the National Dirt Racers Association (NDRA) who have recently signed on as a team supporter for 12 months.

The Daracon Croft Racing Team currently sits 6th in the East Coast Late Model Series Pointscore.

Daracon Croft Racing is proudly supported by:

Daracon
Tanelm Fuels
M B Clark Mechanical Repairs
Parry Logistics
Gunnedah Driving School
NDRA
