## **Daracon Croft Racing look for results at Parramatta**

The Daracon Croft Racing Dirt Late Model Team head to Tyrepower Parramatta City Raceway (NSW) Saturday March 22 to contest Round 8 of the East Coast Late Model Series.

“We will be looking for a good result at Parramatta” said team driver Ken Croft. “This season has not been real kind to us in terms of results and with the East Coast Series heading towards its conclusion it would be great to get back up on the podium”.

The Daracon Croft Racing Team competed in the Tanelm Fuels NSW Late Model Title at Gunnedah Speedway March 15 however bad luck came along for the ride.

“I can honestly say the NSW Title was disappointing for the Daracon team. Being our home track we were expecting to do well, however the track conditions caught us out in the Heats and then I had to park the car in the Feature when the power steering failed”.

“We need to get back to the pointy end of the field, and I’m hoping that Parramatta on Saturday night will turn things around for us. We have enjoyed plenty of success there, and the track suits the bulk horsepower we have, so its just a matter of checking everything is right and knuckling down to the job at hand”.

“Some good results would be a real bonus” concluded Croft.

The Daracon Croft Racing Team currently sit 9th in points in the East Coast Late Model Series.

Daracon Croft Racing is proudly supported by:

Daracon  
Tanelm Fuels  
M B Clark Mechanical Repairs  
Parry Logistics

Gunnedah Driving School  
NDRA
