

Daracon Croft Racing look for better luck at Nowra Speedway

Daracon Croft Racing is looking for a change of luck when it competes in Round 5 of the East Coast Late Model Series at Nowra Speedway (NSW) Saturday December 29.

The teams previous two visits to the south coast track have been drama filled. In the inaugural NSW Late Model title held last season a clash with another car ended any chance of a major placing, while the teams most recent visit (December 1) yielded some unexpected damage to both car and driver.

“Nowra hasn’t been too kind to us the last few starts” said Ken Croft from his Gunnedah base.

“Here’s hoping things work out better this time. Our last visit saw the Daracon #71 clip one of the infield tractor tyres, resulting in front end damage, and a jarred hand for yours truly”.

“The hand wasn’t too bad, but we had to borrow some front end parts from Barry Kelleher in order to get back on track. Most of our spare parts inventory was unfortunately back in Gunnedah as we were in the process of updating to a new transporter. Thanks go to Barry for lending us the parts, however the car was never quite right, so it was just a case of circulating in order to negate any further damage and pick up some points”.

“We are keen to get some high speed incident-free racing under our belts in order to help prepare for our Western Australia tour coming up in January and February” Croft stated.

The Daracon Croft Racing Team has recently purchased a brand new transporter and is planning to head across to Western Australia to compete in the WA Dirt Late Model Championship at Northam Motorsports Park on January 19 followed by the 7th Annual Australian Dirt Late Model Nationals at the Perth Motorplex Friday January 25 and Sunday January 27.

On the return journey the team will stop at Kalgoorlie International Speedway Saturday February 2 to compete in the ‘Kalgoorlie Fireball’.

Daracon Croft Racing is proudly supported by:

Daracon

Tanelm Fuels

M B Clark Mechanical Repairs

Parry Logistics

Gunnedah Driving School
