The Daracon Croft Racing Dirt Late Model Team is leaving nothing to chance in its quest to claim victory in the inaugural Casio G Shock Gold Cup at Tyrepower Parramatta City Raceway (NSW) January 24/25.

Speaking from the team's Gunnedah NSW base Team Principal / Driver Ken Croft believes that the Daracon Croft Racing Team is one of the leading contenders to take out the event.

“We’ve had a good run this season, and our form at Parramatta has been particularly pleasing. We have been on the podium a couple of times, and just outside it a couple of other times, so I’m quietly confident heading into the big Gold Cup Feature Sunday night.”

“A second place in the Feature at Nowra last Saturday was a great lead up result, and we were running strong in the Feature at Parramatta on the Friday

night only for a competitor to slam into the back of the Daracon Rocket and destroy the left rear wheel.”

“All in all, like I say, we are pretty happy with how things are progressing. I also believe my driving style more suits the long distance events so the plan at this stage is to stay out of trouble, keep some tyres under the car, and be in contention at the end.”

“It’s going to be a tough assignment though, with a huge entry, and many of the nation’s leading Dirt Late Model racers in the field,” Croft said.

In order to hopefully give the Daracon Croft Team an edge the Team has flown Ron Stuckey from Shreveport Louisiana (USA) across to aid in car preparation and set up at the track.

“Ron and I have been friends for a long time. We purchased our current Rocket through Ron, who is a freelance crew chief engaged by many of the top US teams to improve the set up of their cars” Croft said.

“Having Ron on board for such a prestigious race is a real win-win situation for us” said Croft.

The Sebel Parramatta, a major supporter of Daracon Croft Racing, is also figuring heavily in the Casio G Shock Gold Cup event. The Sebel Parramatta is a high class Hotel catering for the corporate sector and the leisure traveller. Most of the visiting teams participating in the Casio G Shock Gold Cup will be staying at The Sebel Parramatta.

“The Sebel Parramatta has been a loyal supporter of our Team throughout the season and it’s great to see them getting right behind Dirt Late Model Racing. It would be great to greet the chequer flag first on Sunday night, and a real reward for our loyal supporters like The Sebel Parramatta and Daracon,” concluded Croft.
