The Gunnedah based Daracon Croft Racing Dirt Late Model Team will compete in its own 'backyard' this weekend when the NSW Dirt Late Model Championship is contested at Tamworth and Gunnedah Speedways.

Friday March 27 will see several Heats contested at Tamworth Speedway before the title chase moves to Gunnedah Speedway on the Saturday evening (March 28) for further Heats and the Championship Final.

"Its great to only have to travel a short distance to race this weekend compared to our normal haul to Parramatta and back" said Daracon Croft Racing Team Principal and Driver Ken Croft.

"We've missed a few meetings lately to attend to pressing business matters but the time off has also given us the opportunity to go right over the car and make sure we are fully prepared for this weekend".

“Having Ron Stuckey from the USA out here to assist us at Parramatta in late January really paid dividends and we are hopeful that we can continue the good form shown then” Croft said.

“I believe I’m driving as well as I ever have, and when you have confidence in the car setup it does make things a lot easier. I guess I could be perceived to have something of a home track advantage as I’ve turned plenty of laps at Gunnedah Speedway over the year’s, however you have to take each race meeting on its individual merits so the reality is everyone is on equal terms”.

“The state title was held here at Gunnedah last season, and we didn’t do that well, so hopefully we can make amends this time around. I’ve also managed to participate in a couple of practice sessions at Tamworth Speedway in the past 6 months so that’s a real bonus as well”.

“Whatever the outcome I know the race fans will be the real winners as the big V8 left hand drive sedans really are spectacular on these tight country tracks” concluded Croft.
