

Daracon Croft Racing ready to taste Parramatta success

The Gunnedah (NSW) based Daracon Croft Racing Team will look to improve upon its last start success when it contests Round 4 of the East Coast Late Model Series at Tyrepower Parramatta City Raceway (NSW) Saturday November 29.

“Our last start at Parramatta, in early November, saw the Daracon Croft Racing Team really on the pace, and it was fantastic to get on the podium after a great 3rd in the Feature” said team principal Ken Croft.

“We will be looking to maintain that form, and hopefully get on the top step of the podium this time out”.

“There is still more untapped speed in the car, and we continue to make minor adjustments to the setup in order to get the chassis working to its full potential. It’s really great to be behind the wheel when everything comes together. With every run we get a better handle on the Parramatta track layout and surface so I’m confident we will be a serious contender by the time the big two night Gold Cup meeting comes around at Parramatta at the end of January” concluded Croft.

The Daracon Croft Racing Team will also unveil its new Transporter at Saturday nights meeting. The team has spent a considerable amount of time and money to ensure that the new Transporter meets their needs at the track and on the long hauls to and from race meetings.

The Teams 3rd place finish in the Feature at Tyrepower Parramatta City Raceway November 1 followed a 9th and 4th in the Heats.
