Daracon Croft Racing will be looking to start the new year on a positive note when it contests Round 6 of the ELMA sanctioned East Coast Late Model Series at Tyrepower Parramatta City Raceway (NSW) Friday January 2.

Despite only a 7 day turn around the team is hoping that its recent good form can continue.

“We had a reasonable run in Round 5 at Parramatta on Boxing Night (December 26) and are hoping to improve even further this time out” said Team Principal Ken Croft from his Gunnedah base.

“A fair bit of equipment was torn up in race incidents at the last meeting but luckily we avoided any carnage so we just have a few minor repairs to make and our regular maintenance program to undertake”.

After starting 8<sup>th</sup> in the Boxing Night Feature Croft was working his way slowly forward when a shock cone broke just after a restart.

"We used the Heats to dial in our setup after we found the track conditions a little harder to read than usual. I was confident that we had a good package for the Feature but when a shock cone broke late in the race all I could do was back off and bring the car home safely. 4<sup>th</sup> was a great result given the shock problem" concluded Croft.

Ken Croft and the Daracon Croft Racing Team are currently placed 6<sup>th</sup> in the 2008/09 East Coast Late Model Series Pointscore.
